

SANGHARSH TAKSANDE

Java Full Stack Developer

+91 7218010289 | sangharhtaksande12345@gmail.com | linkedin.com/in/sangharsh-taksande

SUMMARY

Motivated and detail-oriented final-year B.Tech (Artificial Intelligence) student with strong hands-on experience in **Java full stack development**. Proficient in building backend applications using **Spring Boot, Hibernate, and Advanced Java**, and developing responsive user interfaces with **React.js**. Experienced in MVC architecture, RESTful backend concepts, and database-driven applications. Actively expanding frontend expertise with **Next.js** to build scalable, modern web applications.

PROJECT EXPERIENCE

Student Management System

Java, Spring Boot, Hibernate, JPA, React.js, MySQL

- Developed a full-stack Student Management System using Spring Boot and React.js following a layered architecture.
- Integrated RESTful APIs using Axios for student record management and CRUD operations.
- Built responsive React components, managed state with Redux Toolkit, and implemented form validation using React Hook Form.

Portfolio Website

React.js, HTML, CSS, JavaScript

- Developed a responsive personal portfolio website to showcase projects, skills, and technical profile
- Built reusable React components with client-side routing for smooth navigation
